Public Comment

Dave Kimble brought up areas of concern relating to fire department members safety in responding to calls and dealing with uncooperative people and assaults on the members and the response to it from the police force, and also a lack of being able to hear proceedings at the Planning Board and ZBA meetings due to not having an amplification system in place yet. Supervisor Guzzi was going to look into the issue with the Fire dept. members and said the budget this year would not be able to include the system but would look into putting it in next years budget.
